

Briseyda Reséndiz

A graduate in Architecture from the Metropolitan Autonomous University, she holds a specialization in Planning and Design of Healthcare Facilities from the National Autonomous University of Mexico (UNAM). She also completed a Master's degree in Hospital Architecture through Alebat Education and the Virtual University of the State of Michoacán, specializing in Design, Organization, and Management. Since 2017, she has been certified in Healthcare Facility Design by the Mexican Society of Architects Specialized in Health (SMAES) and the Mexican College of Architects and Society of Mexican Architects (CAM-SAM).

Since 2007, she has worked in the development and coordination of Executive Projects for Healthcare Facilities for both the public and private sectors. From August 2023 to August 2025, she served as Technical Coordinator of Infrastructure Projects and Coordinator of Projects and Institutional Monitoring for the Infrastructure, Special Projects, and Investment Portfolio Unit of the Mexican Social Security Institute (IMSS).

From March 2020 to March 2023, she presided over the Mexican Society of Architects Specialized in Healthcare, and in November of that year, she chaired the international congress "Hospital of the Future." She has also participated as a speaker at national and international congresses and is a member of the Board of Directors of the International Federation of Healthcare Engineering (IFHE). Since 2023, she has represented the Federation of Colleges of Architects of the Mexican Republic in the Public Health Group of the International Union of Architects (UIA).

Since 2022, she has held the chair of Selected Topics in Planning and Design of Healthcare Facilities at the Postgraduate Unit of Architecture of the National Autonomous University of Mexico (UNAM). She currently serves as director of Grupo Artedi, S.A. de C.V.
