7 July 2026

Dear Mr. Darryl Pitcher, IFHE General Secretary
Dear Mr. Dan Fuochi, IFHE Secretariat

This letter endorses the nomination of Yoshihisa Hirayama, representing Healthcare Engineering Association of Japan (HEAJ) for election as a member of the IFHE Executive Committee for the term 2026-2028. HEAJ supports his candidacy and is confident that his election to the Executive Committee will strengthen IFHE's capacity to enhance international collaboration between member associations.

We look forward to his continued contributions on the international stage, and in particular to work as a bridge between the membership of HEAJ and IFHE.

Sincerely

Professor Shigeki Nakayama
President, Healthcare Engineering Association of Japan
